COVERAGE YOU CAN COUNT ON

December 15, 2016

Dear Bergetta, Sarah and Ashley,

Enclosed you will find a couple DVD copies of the story we did on Sarah's Homeless Foundation with regards to the donation to the Light of Life Mission.

Everyone at the station was so impressed by your dedication, drive, and overwhelming success! After speaking with a few other women with the Brownie group, I was especially impressed after hearing what your family had been through recently. I never would have known from the warmth you permeate the difficulties you have faced this last year. Your compassion for others at a time when most would be feeling consumed with their own strife's is very uplifting. I was happy to get the chance to tell your story. I am honored to have met you. I am hoping your story will inspire others to come to the Level Green Presbyterian Church. I love how your Pastor listened to you, Sarah, and helped your mission come to life. And I was touched when you, Ashley, told me how much you love him and think he is the best.

In my field I am usually faced with tragic stories daily but there is always that one story that gives me hope that our world will overcome and our future will be bright. It only took one child to bring so many together to help those in need.

Pittsburgh is surely proud of you. I am very proud of you. I am sending you a collection our team has taken up to support your Mission. I hope to keep hearing of the wonderful things you do.

Stay true to your heart and you will go far.

Sincerely,
